

Dear

Students of Shrewsbury

Borough School,

Dec 15

I want to first off thank you all for everything that was donated to all of us guys. When the mail truck came, I was out at an Outpost we had hiked to from our Patrol Base. I heard over the radio though that I had received a lot of large packages from NJ. I knew Ryan pulled strings somewhere. I got back to our platoon patrol base this morning to my cot covered in boxes and then more on the ground behind it. On our platoon patrol base we have about 40 Marines and about 20 Afghan National Soldiers. It's pretty tight because all it is is a house we took over so it's not very big.

Anyways all the ramen, easy mac, cup of noodles, were very quick to

go once I started opening them. We are all sick of eating MRE's (Meals Ready to Eat) so any chance for a change is happily welcomed.

We are working pretty hard, either standing post, going on multiple patrols to find the enemy, or sometimes longer multi-day operations, but we are all doing pretty well. For a lot of us this is not our first time over seas for the holidays so it's not so hard. We make do. Plus we know that once the holidays are over we will be winding down our work here and we getting ready to go home. We are expected home no later than Feb. 12.

I just wanted to write back and let you know we are doing well and we appreciate all the support we get from back home. Thank you all very very much.

Major Thank u
of your support.
