December 17, 2019

Dear Parents,

Thank you so much for supporting the Young Entrepreneurs Club's holiday boutique. We want to make sure you are aware of any potential hazards with the products sold on December 9, 16, and 17.

Some items your child may have purchased are not suitable for infants and young children. For example, the painted rocks, erasers, jewelry, stickers, catapults, hair accessories, bath bombs, and stress balls should be kept away from babies and children who put things in their mouths.

Please note that bath bombs can stain your tub as well as make bath tubs slippery. It is not recommended to use bath bombs with an open wound or broken skin. If you suspect your child may be allergic to bath bombs, please perform a skin test before submerging your child into the water with the bath bomb.

The stress balls were made with balloons and flour, foam, or slime. If any of the slime or foam comes out of the balloon, avoid contact with the eyes and have your child wash his/her hands. If your child ingests slime or foam, please contact your local poison control center. If the stress ball breaks, please throw away all parts.

If you have any concerns or questions, please contact us at schlosserk@sbs-nj.org and wiesela@sbs-nj.org.

We very much appreciate your support for the Young Entrepreneurs Club.
Wishing you and your family a wonderful and safe holiday season.

Miss Schlosser and Mrs. Wiesel
Young Entrepreneurs Club Advisors

Thank you!

Mrs. Allison Wiesel
Middle School Science Teacher
