How to Manage Pop-Ups

**Enable Chrome's Pop-Up Blocking Feature**
1. Click on Chrome's menu icon in the upper-right corner of the browser and click on Settings.
2. Type "Pop" into the Search settings field.
3. Click Site Settings.
4. Under Popups it should say Blocked. If it says Allowed, click Pop-ups and redirects.
5. Turn off the switch next to Allowed.

**How to Manage Windows Pop-Ups**
1. Open your Web browser, click on "Tools," and a drop-down menu will appear.
2. Click on "Internet Options."
3. Click on the "Privacy" tab.
4. In the "Pop-up Blocker" section, check the box beside "Turn on Pop-up Blocker," and then click on "Settings."
5. Set the "Filter level" to "High: Block all pop-ups" and click on "Close."

**How to Block or Allow Pop-Ups On Your Mac**
1. Open Safari.
2. From the Safari menu, choose Preferences.
3. Click the Websites tab.
4. Click **Pop-up** Windows on the left sidebar. ...
5. If you want to block **popups**, find the “When visiting other websites” option (bottom of the window).
6. If you select Block and Notify, then you will be notified a popup is blocked.
