Good afternoon 8th grade parents /guardians,

I hope this email finds you and your family well. As I am sure you anticipated, RBRHS conferences for 8th grade students have been postponed due to COVID-19 forced school closure. I have been in touch with RBR and they are in the process of determining the next steps in regards to scheduling incoming freshmen for electives and a world language. I will keep you posted on any information and updates that I receive.

Best regards,

Marisa Shaheen
