March 7, 2023

Dear SBS Parents and Guardians:

As the thermometer starts moving upwards and the days get longer, many are thinking and planning for Summer 2023. The Shrewsbury Borough School is hoping that you include our Academic Summer Program in your family's plans. We are pleased to let you know that we are offering the program to all students entering grades kindergarten through eighth during the 2023-2024 school year.

The summer program will be held in-person July 5th-July 27th, Monday through Thursday (Closed on July 4th in observance of Independence Day) from 8:30am-12:30pm. While attendance each day is encouraged, we recognize that students are engaged in a plethora of summer activities which make them well-rounded SBS Tigers. Therefore, we will be flexible with attendance.

The Summer Academic Program will be structured, focused, and differentiated for each student's particular English Language Arts and Math needs. These skills will be decided upon using several data points (iReady, Fountas & Pinnell, Start Strong to name a few) and relate to specific New Jersey Student Learning Standards. Middle school students will use these skills to complete their summer reading and math activities during the program. Additionally, students will participate in a daily writing activity. Snack breaks will be incorporated as well as social-emotional learning activities. Your child's progress will be monitored regularly and the teacher will keep you informed of her/his progress.

Please complete this [Google form](#) by no later than Wednesday, March 29th to confirm your child(ren)'s participation in our Academic Summer Program. Please fill out a form for EACH child you would like enrolled. If you are wondering if your child would benefit from the Academic Summer Program, please reach out directly to your child(ren)'s teacher. You can also view your child(ren)'s data via LinkIt!.

If you have any questions about the program, please feel free to reach out to me at any time.

Sincerely,

Cheryl L. Salway
